P.C.P. ACT

MANUFACTURED FOR  
LES INDUSTRIES NOBEL ENR  
1250, rue Nobel  
Boucherville, Québec  
J4B 5K1

Ready to Use Spot Weeder  
SHAKE WELL BEFORE USE

PRECAUTIONS: Harmful if swallowed. Avoid contact with skin, eyes, or clothing. Keep out of reach of children. Protective Clothing: Wear long-sleeved shirt, long pants, socks, and shoes. Operator Use Precautions: Wash hands before eating, drinking, using tobacco or using the toilet. After treating, wash thoroughly. If pesticide penetrates clothing, remove immediately, then wash contaminated skin thoroughly and shower. Launder contaminated clothing separately before re-use. General Precautions: Do not use on Bent grass or where Clover is desired. Do not store near seed, fertilizer, insecticides or fungicides. Do not allow to freeze. Do not re-use empty containers. Rinse

well and dispose in regular garbage. Re-entry Interval: Do not allow people (other than applicator) or pets on treatment area during application. Do not enter treated areas until spray has thoroughly dried.

DIRECTIONS: Stand close to weed. No need to bend down. Wet the weed with one or two short burst. Maximum application frequency: For good turf/lawn management, normally two applications per year per treatment site are adequate. This does not include spot treatments.

WEEDS CONTROLLED: Dandelion, Plantain, Black Medick (yellow clover), Buttercup, Chickweed, Clover, English Daisy, Ground Ivy (Creeping Charlie), Knotweed (Ironweed), Poison Ivy, Ragweed, Shepherd's Purse, Bedstraw, Heal-All, Devil's Paint Brush.

NOTE: Excessive wetting of grasses around weed may cause some injury.

FIRST AID: If in eyes rinse with water for 15 minutes. If on skin wash off with soap and water. If swallowed induce vomiting (use syrup of ipecac) and obtain medical attention or contact a poison control centre.
