KEEP OUT OF REACH OF CHILDREN AND PETS

DIRECTIONS FOR ELIMINATING EARWIGS IN HOMES, GARAGES AND PATIOS:

For spot treatment only: Residual spray treats hard-to-reach areas up to 1.5 metres away. Point spray away from people, pets, and plants. Spray infested surfaces until wet, moving stream rapidly to prevent excessive wetting. TWO-WAY VALVE: Press down for spray; press down and forward for jet.

OUTDOOR USE: Spray Earwig infested areas including outside of screen doors and cracks under doors, window frames, foundations, patios, garages, sheds, etc. Spray soil, cracks and crevices and other Earwig hiding places such as under objects and debris and in cool, damp locations where they nest and lay eggs in the soil. Repeat as necessary. DO NOT SPRAY ON GRASS AND PLANTS AS THE SPRAY WILL BURN LEAVES.

INDOOR USE: Earwigs, Ants, Cockroaches, Brown Dog Ticks, Crickets, Millipedes, Silverfish, and Spiders. Spray infested spots along baseboards, under sinks, behind stoves, in cracks and other places where insects may hide. Spray Earwigs directly, if possible. Keep children and pets away from treated surface until spray is dry.

For Earwigs on vegetables, flowers or turf use GREEN CROSS Banisect(R) or GREEN CROSS Sevin(R).

PRECAUTIONS:

AVOID EXCESSIVE WETTING OF PLASTIC, RUBBER, ASPHALT, LINOLEUM OR OTHER SURFACES WHICH MAY BE AFFECTED BY OILS.

FLAMMABLE: Do not use in presence of open flame or spark. Temperature over 50° may burst container. Do not throw into fire. Do not place in hot water or near radiators, stoves or other sources of heat.

May be harmful if swallowed, inhaled or absorbed through skin. Avoid breathing of spray mist and provide good ventilation while treating. Avoid contact with skin, eyes, clothing, feed or food. Wash with soap and water after using. Remove pets, cover aquarium and food utensils before spraying. Do not use on humans, animals or plants. Do not use as a space spray. Remove exposed foods and utensils before spraying. After spraying, wash all food preparation surfaces that may be contacted by spray. Do not use in food storage cupboards.

FIRST AID:

If on skin, wash with soap and water. If in eyes, rinse with plenty of water. If irritation persists, consult physician. If

swallowed, get prompt medical aid. Contains petroleum distillates. Propoxur is a carbamate cholinesterase inhibitor. Atropine is antidotal.

DISPOSAL:

When container is empty press valve to release all pressure, then dispose with household garbage.

NOTICE TO BUYER:

Seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.
