SPRAY NINE* cleans hard surfaces such as stainless steel, plastic, tile, rubber, vinyl, fiberglass, porcelain and formica with "spray on-wipe off" ease. Use to disinfect and deodorize hospitals, nursing homes, schools and other institutions where housekeeping is of prime importance. When used as directed, SPRAY NINE* will disinfect hard non-porous surfaces such as walls, floors, tables, chairs and countertops. SPRAY NINE* kills many bacteria and destroys odors.

DIRECTIONS FOR USE: Test on inconspicuous area to determine colorfastness and surface integrity before use. Do not use on glass.

TO CLEAN: 1. Spray on soiled surface.
2. Wipe off immediately.

TO DISINFECT: 1. Clean surface as directed above.
2. Respray to wet surface thoroughly.

3. Allow to stand 30 seconds minimum and rinse thoroughly.

Disinfected food contact surfaces must be rinsed with potable water before reuse.

KILLS HIV ON PRE-CLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS in health care settings (Hospitals, Nursing Homes) or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of human immunodeficiency virus Type 1 (HIV-1).

SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 OF SURFACES/OBJECTS SOILED WITH BLOOD/BODY FLUIDS.

PERSONAL PROTECTION: When handling items soiled with blood or body fluids, use disposable latex gloves, gowns, masks, or eye coverings.

CLEANING PROCEDURES: Blood and other body fluids must be thoroughly cleaned from surfaces and objects before disinfection.

CONTACT TIME: Allow surface to remain wet for 30 seconds.

DISPOSAL OF INFECTIOUS MATERIALS: Blood and other body fluids should be autoclaved and disposed of according to local regulations for infectious waste disposal.

DISPOSAL:

1. Rinse the emptied container thoroughly and add the rinsings to treatment site.
2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal or reconditioning.
3. Dispose of the container in accordance with provincial requirements.
4. For information on the disposal of unused, unwanted product and the cleanup of spills contact the regional office of Environment Canada.
5. For small spills, recover free liquid. Soak up residue with solids absorbent. DO NOT FLUSH INTO SURFACE STREAMS. INFORM ENVIRONMENT CANADA AS IN No. 4.

CAUTION: Keep out of reach of children. Do not spray on food or in the eyes. The use of rubber gloves is recommended.

FIRST AID: Contains sodium metasilicate. If splashed in eyes

or on skin, flush thoroughly with water.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.
