STEALTH DISPENSER MOUNTING INSTRUCTIONS INSIDE.

DIRECTIONS:

This package contains four resin vaporizer STEALTH Insect Strips impregnated with Dichlorvos, in a sealed pouch to prevent vapour loss. Each strip is to be used with the STEALTH fan operated dispenser and installed as per pouch and mounting instructions to protect air space up to 140 cubic meters. When dispenser is activated the strip gives off virtually odourless insecticidal vapour which will provide control of house flies and mosquitoes for up to 1 month. The strip is not designed to kill insects instantly. Allow for free air movement but mount dispenser away from open windows and doors where excessive ventilation may reduce efficiency.

USES:

For use in animal and farm buildings, garbage storage areas, industrial and commercial locations and similar enclosed spaces except for areas described under "PRECAUTIONS" below.

PRECAUTIONS:

KEEP OUT OF REACH OF CHILDREN. Do not contaminate food or feed products. Avoid contact with skin clothing or eyes. Wash hands after handling. DO NOT USE in hospitals or clinical rooms, such as patient rooms, nurseries, operating or emergency areas. Do not use in rooms where infants, or the sick or aged are, or will be present for any extended period of confinement. Do not use in kitchens, restaurants, or areas where food/feed are prepared or processed. Do not use in food/feed processing or food/feed manufacturing areas. Do not use in totally enclosed areas of less than 100 cubic metres in which there is no air exchange. Do not use in areas where beekeeping equipment and/or supplies are stored. Certain tropical fish and birds may be harmed by continuous exposure to vapour. STEALTH Insect Strip to be used in the STEALTH tamper proof fan operated dispenser only.

FIRST AID:

SEE A DOCTOR if poisoning is suspected, taking the product label with you. If inhaled, move to fresh air, change clothes, rest. If in eyes, immediately flush with plenty of clean water. If on skin, wash affected area thoroughly with soap and

water. If the strip has been chewed or licked, see a doctor immediately.

TOXICOLOGICAL INFORMATION:

This product contains an organophosphate insecticide and, as such, is a cholinesterase inhibitor.

Atropine is an antidote, 2-PAM may be useful.

DISPOSAL:

1. Thoroughly empty the contents of the container into the application device.
2. Make the empty container unsuitable for further use.
3. Dispose of the container in accordance with provincial requirements.
4. For information on the disposal of unused, unwanted product and the cleanup of spills, contact the provincial regulatory agency or the manufacturer.

NOTICE TO USER:

This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

HOW TO INSTALL STEALTH INSECT STRIP

1. Remove tamper proof cover (A) from wall mounted base.
2. Remove insect strip from pouch (B) and bend into U shape, install into insect strip holder tray (C) slots as per diagram. Spring tension of strip holds in place.
3. Install tamper proof cover (A) to wall base.

Assembly Diagrams

DIRECTIONS:

This package contains one resin vaporizer STEALTH Insect Strip impregnated with Dichlorvos insecticide, in a sealed pouch to prevent vapour loss. For use, remove the strip from pouch and install into STEALTH fan operated dispenser. When unit is activated return tamper proof cover. The strip gives off a virtually odourless insecticidal vapour which will provide control of house flies and mosquitoes for up to 1 month. The strip is not designed to kill insects instantly. Allow for free air movement but install STEALTH dispenser away from open windows and doors where excessive ventilation may reduce efficiency. Use one STEALTH fan operated dispenser complete with STEALTH Insect Strip per 140 cubic metres.

USES:

For use in animal and farm buildings, garbage storage areas, industrial and commercial locations and similar enclosed space except for areas described under "PRECAUTIONS" below.

PRECAUTIONS:

KEEP OUT OF REACH OF CHILDREN. Do not contaminate food or feed products. Avoid contact with skin, clothing or eyes. Wash hands after handling.
