KERIGARD houseplant insecticide is for use on African Violets, Ivy, Bracken and Boston Fern, Fuchsia, Philodendron, Rubber Plant, Gloxinia and similar plants.

DIRECTIONS

Put plants in suitable place. Spray 45 cm to 60 cm from target, using one second bursts, avoid over wetting. Spray under and upper leaf surface.

Aphids: Red Spider Mites, Exposed Thrips and certain other insects--Repeat as necessary. White Flies, Mealy bugs--Repeat frequently, being sure to thoroughly wet mealy bugs.

PRECAUTIONS

KEEP OUT OF REACH OF CHILDREN

Do not spray in hot sun, excessive heat or when excessively wet; do not spray on plastics, asphalt tile or furniture. Do not use on Maidenhair Fern, Lantana, Moss Fern or Cyclamen. Remove fish and bird cages from room during spraying; do not apply to humans, pets or birds. Do not contaminate food, utensils, dishes or water. Harmful if swallowed. Avoid breathing spray mist. Avoid contact with skin; wash thoroughly after using.

HAZARD: Do not use in presence of open flame or spark. Content under pressure. Do not puncture or use near heat or open flame. Keep at room temperature, do not store or place in areas over 50'C. Do not throw in fire or incinerator.
