When used as directed, it is effective against:

SALMONELLA CHOLERAESUIS, STAPHYLOCOCCUS AUREUS, ESCHERICHIA COLI,
PATHOGENIC FUNGI, TRICHOPYTON, METAGROPHYTES, SALMONELLA TYPHOSA,
BREVIBACTERIUM AMMONIAGENES, INFLUENZA A2, HERPES SIMPLEX,
ADENOVIRUS TYPE 4, TRICOPHYTON INTERDIGITALE AND VIRUS VACCINIA.

PCP-2300 is especially formulated to disinfect inert surfaces such as: floors, bathroom (sink, toilet, showers, bath tubs), walls counters, telephones, tables and chairs. For larger areas such as patient care facilities and restrooms, the product is designed to aid in heavy duty cleaning. When used as recommended. PCP-2300 will remove most dirt in a single application.

RECOMMENDATION:

13mL/L: To sanitize previously cleaned food contact surfaces.

15mL/L: To sanitize items such as glasses, utensils, immerse for 60 seconds.

25mL/L: For mildew on hard surfaces.

50mL/L: Hospital disinfection.

175mL/L: To disinfect toilet bowls. Flush water, add PCP-2300, brush everywhere, let stand 10 minutes and flush with water.

SANITIZATION: With a 13 mL/liter concentration, food equipment and heavily soiled areas should be precleaned and rinsed thoroughly before, or food contact items will limit active quaternaries to 200 ppm. PCP-2300 is an effective sanitizer when diluted in water up to 500 ppm water hardness (CaCO₃).

DISINFECTION: For food processing plants, hospitals and dairies, after using PCP-2300 at a 50 mL/liter concentration, rinse with potable water thoroughly.

DISPOSAL:

1. Rinse the emptied container thoroughly and add the rinsings to treatment site.
2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal or reconditioning.
3. Dispose of the container in accordance with provincial requirements.
4. For information on the disposal of unused, unwanted product and the cleanup of spills contact the regional office of Environment Canada.
5. For small spills, Recover free liquid. Soak up residue with solids absorbent. DO NOT FLUSH INTO SURFACE STREAMS, INFORM ENVIRONMENT CANADA AS IN #4.

PRECAUTIONS:

KEEP OUT OF REACH OF CHILDREN. Causes severe eye and skin damage. do not get in eyes, on skin and clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.

FIRST AID: In case of contact immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes call a physician. Remove and wash contaminated clothing before reuse. If swallowed drink promptly a large quantity of milk, egg whites, gelatin solution, or water. Avoid alcohol. Call physician immediately.

NOTICE TO USER: This control product is to be used only in

accordance with the directions on this label. It is an offence under the PEST CONTROL PRODUCTS ACT to use a control product under unsafe conditions.
