NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

NOTICE TO BUYER: Seller's guarantee shall be limited to the terms set out on the label and subject thereto. The buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.

A QUATERNARY AMMONIUM BIOCIDES FOR USE IN OPEN COOLING WATER SYSTEMS.

DIRECTIONS FOR USE:

Dosages and method of application of CSW 881 will depend on the type of equipment to be treated and the type and quantity of microbiological life involved.

Initial dosage of CSW 881 should be 30 ppm (0.3 L per 10 000

litres of water in the system) in presence of algal/fungal slimes. Use 60 ppm (0.6 L per 10 000 litres of water in the system). For maintenance of system use 10 ppm (0.1L per 10 000 litres of water). For continuous feed, or 10-30 ppm (0.1-0.3 L per 10 000 litres of water) once a week.

Slug additions should be made to cooling tower basin or sump, or at an alternate point which provides good mixing.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN

Corrosive causes severe eye and skin damage. Do not get in eyes, on skin or on clothing, protect eyes and skin when handling. Harmful if swallowed. Avoid contamination of food. Do not use in potable water systems.

FIRST AID INSTRUCTIONS: In case of contact immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes call a physician. Remove and wash contaminated clothing before reuse.

If swallowed drink PROMPTLY a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Call a physician immediately.

DISPOSAL:

1. Rinse the emptied container thoroughly and add the rinsings to treatment site.
2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal or reconditioning.
3. Dispose of the container in accordance with provincial requirements.
4. For information on the disposal of unused, unwanted product and the cleanup of spills contact the regional office of Conservation and Protection Service, Environment Canada.
5. For small spills, recover free liquid. Soak up residue with solids absorbent. DO NOT FLUSH INTO SURFACE STREAMS. INFORM ENVIRONMENT CANADA AS IN #4.

KEEP FROM FREEZING
