**CAUTION
POISON
COMMERCIAL**

**PLEASE RETURN CONTAINER TO
19400 Clark Graham, Baie d'Urfé, QC**

In case of spillage : CANUTEC 1-613-996-6666

READ THE LABEL BEFORE USING

To maintain product quality, store at temperatures below 35°C. Keep package tightly closed when not in use.

DIRECTIONS:

Add PROCESS B 2013 separately to the system. Do not mix it with other additives in order to avoid decomposition of PROCESS B 2013 due to the high pH of many additive formulations.

PULP AND PAPER MILLS:

Additions of PROCESS B 2013 may be continuous or intermittent, depending on the type of system and the severity of contamination. It should be made with a metering pump at a location that will ensure uniform distribution of PROCESS B 2013 in the mass of fibre and water such as the beaters, Jordan inlet or discharge, broke chests, furnish chests, save-alls, and white water tanks. Moderately to heavily fouled systems should be boiled out prior to treatment as dislodged slime may cause breaks in paper.

DOSAGE: Add 250-625 ml of PROCESS B 2013 per tonne of paper (dry basis) on a continuous or intermittent basis as necessary to maintain control.

PRECAUTIONS:

KEEP OUT OF REACH OF CHILDREN.

DANGER: CORROSIVE TO EYES. MAY BURN THE SKIN. MAY BE HARMFUL OR FATAL IF SWALLOWED.

Do not get in eyes, on skin or clothing. Wear chemical worker's goggles when handling. Wash thoroughly after handling.

FIRST AID:

Eye Contact: Immediately flush with clean, cool water for at least 15 minutes. Seek medical attention promptly.

Skin Contact: Wash with soap and plenty of water. Wash contaminated clothing before reuse. Seek medical attention if irritation persists.

Ingestion: Induce vomiting by sticking finger down throat or by giving soapy or strong salty water to drink. Repeat until vomit is clear. Call a physician or poison control centre. Never give anything by mouth to an unconscious person.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION:

Treat symptomatically

DISPOSAL:

For disposal, this container may be returned to the point of purchase (distributor/dealer). It must be refilled by the distributor/dealer with the same product. Do not reuse this container for any other purpose.

For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and provincial regulatory agency in case of a spill, and for clean-up of spills.

NOTICE TO USER:

This control product is to be used only in accordance with the directions on this label. It is an offence under the *Pest Control Products Act* to use a control product under unsafe conditions.

NOTICE TO BUYER:

Seller's guarantee shall be limited to the terms on the label and, subject thereto, the buyer assumes risk to persons or property arising from the use or handling of this product and accepts the product on that condition.

This label transcript service is offered by the Pest Management Regulatory Agency to provide efficient searching for label information. This service and this information do not replace the official hard-copy label. The PMRA does not provide any guarantee or assurance that the information obtained through this service is accurate, current or correct, and is therefore not liable for any loss resulting, directly or indirectly, from reliance upon this service.
