## **DIRECTIONS FOR USE:**

# **To Treat Cooling Tower Water**

If serious microbial or algae growth develops in the cooling tower water, **Quatic Chemicals Series 3006 Liquid Industrial Biocide** should be slug fed at the rate of 250-700 mL per 1000 L of circulating water. This should be followed by regular maintenance slug doses of 100-200 mL per 1000 L, once per week. To treat Aqueous Metalworking Fluid (soluble and emulsifiable type): These fluids are usually prepared by diluting product concentrate 1:40-1:60 with water. For a noticeably fouled system use an initial dose of 400 mL-1 L of **Quatic Chemicals Series 3006 Liquid Industrial Biocide** per 1000 L of fluid to be followed by subsequent maintenance dosages of 200 mL per 1000 L, every four weeks.

## **STORAGE:**

Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited. Do not reuse empty containers.

## **TOXICOLOGICAL INFORMATION:**

Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsions may be needed.

## **PRECAUTIONS:**

KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed. Severe eye irritant. POTENTIAL SKIN SENSITIZER. Do not get in eyes, on skin, or on clothing. Do not swallow. Avoid breathing vapours and spray mists. Wash skin thoroughly with soap and water after handling. Remove contaminated clothing and wash separately from other laundry before re-use. Wear long pants, a long sleeved shirt, chemical-resistant gloves, a full face NIOSH approved respirator and a chemical-resistant apron during mixing/loading, clean up, and repair.

#### **ENVIRONMENTAL HAZARDS**

This product is toxic to fish and other aquatic organisms. It is not to be used in circumstances that would cause or allow it to enter lakes, streams, ponds, estuaries, oceans or other waters in contravention of federal or provincial regulatory requirements. The requirements of applicable laws should be determined before using the product. Do not contaminate water by cleaning of equipment or disposal of waste.

#### **FIRST AID:**

In case of contact with skin and eyes, wash thoroughly with water. If irritation persists, get medical attention or contact poison control centre. If swallowed, drink milk, egg whites, gelatin solution or large quantities of water. Call a physician or poison control centre immediately. Take container, label, or product name and Pest Control Product Registration Number with you when seeking medical attention.

## **NOTICE TO USER:**

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.

## **DISPOSAL:**

- 1. Triple-or pressure-rinse the empty container. Add the rinsings to the treatment site.
- 2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal.
- 3. Make the container unsuitable for further use.
- 4. Dispose of the container in accordance with provincial requirements.
- 5. For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in the case of a spill, and for clean-up of spills.
