EMERGENCY NO.: (416) 822-3511

APPLICATIONS: NORFOLK 12 is a concentrated chlorinating solution. NORFOLK 12 is ideal for: MUNICIPAL WATER TREATMENT & PURIFICATION, TREATMENT OF SEWAGE & INDUSTRIAL EFFLUENTS, FOOD PROCESSING & BEVERAGE INDUSTRIES, HOSPITAL & INSTITUTIONAL LAUNDRIES, TEXTILE INDUSTRIES.

GENERAL SANITIZING: For sanitizing food processing and beverage plant equipment, rinse with a 200 mL/100 L (200 PPM) solution of NORFOLK 12 for 2 minutes and rinse thoroughly with potable water. For other applications, consult your Norfolk Sanitation Supply representative.

NORFOLK 12 may be used in final waters for sanitizing hard non-porous surfaces which have previously been cleaned with a suitable cleaning agent followed by a potable water rinse. Use

of concentrations of available chlorine must not exceed 200 ppm in final rinse waters and all reasonable precautions must be taken to avoid contamination of food.

AVOID CONTAMINATION OF FOOD.

CAUTION: Contains Sodium Hypochlorite. Avoid contact with skin and eyes. Do not mix with ammonia or toilet bowl cleaners.

FIRST AID: If accidental contact occurs, flush thoroughly with water. If swallowed, give one or two glasses of milk or warm water. Call physician immediately, keep patient warm.

STORAGE: Keep out of sunlight and store in cool place. Do not store in trunk of car for extended period.

USE AT ONCE: Stability maximum 6 months.

HAZARD: Severe eye, skin, lung and digestive tract irritant. May cause permanent eye damage. Contact with acids liberates toxic gas.

PRECAUTION: Avoid eye and skin contact. Do not breathe vapours or spray. Wear impermeable gloves and safety glasses. Do not mix with acidic materials.

FIRST AID: If in contact with eyes, flush with water for at least 15 minutes. Contact a physician immediately. If in contact with skin, wash well with water. If ingested, drink large volumes of milk or water. Do not induce vomiting. Contact a physician immediately. If breathing difficulty occurs, move to fresh air. Contact a physician.
