**ENVIRONMENTAL HAZARDS:** This product is toxic to fish. Keep out of lakes, streams or ponds. Do not contaminate water, food, or feed by storage or disposal.

**NOTICE TO USER:** This control product is to be used only in accordance with the directions on this label. It is an offense under the Pest Control Products Act to use a control product under unsafe conditions.

**NOTICE TO BUYER:** Seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.

**Buckman  
LABORATORIES**

BUSAN 79 is used to control the growth of algae in swimming pools and to control

algae, bacteria, and fungi in recirculating commercial and industrial water cooling towers and in fresh water for use in industrial processes. BUSAN 79 is also used to inhibit the growth of bacteria that cause degradation of cutting oils.

## **DIRECTIONS FOR USE**

For maximum effectiveness, swimming pools containing heavy growth of algae should be cleaned prior to using BUSAN 79.

For pools having just visible algae growth, add an initial dose of 90 to 140 mL of BUSAN 79 per 10,000 liters of water and remove settled algae debris by cleaning.

For treatment of a freshly cleaned and filled pool, add initially 50 to 90 mL of BUSAN 79 per 10,000 litres of water.

To maintain pools free of visible algae growth, subsequent additions of 16 to 30 ml of BUSAN 79 per 10,000 litres of water should be made every 5 to 7 days after the initial treatment.

Uniform distribution of BUSAN 79 throughout the water in the pool is necessary for maximum effectiveness.

BUSAN 79 can be used in pools treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, do not mix BUSAN 79 with concentrated dry or liquid chlorine products.

For detailed directions on the other applications of BUSAN 79, refer to the Product Data bulletin entitled *Busan 79 - A Broad-Spectrum Microbicide Concentrate*.

## **PRECAUTION**

### **DANGER KEEP OUT OF REACH OF CHILDREN**

Harmful if swallowed. Do not get in eyes. Avoid contact with skin. Avoid contamination of food. Rinse empty container thoroughly with water and discard container. Apply this product only as specified.

## **FIRST AID**

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

**Eye exposure:** Immediately flush with plenty of water for at least 15 to 30 minutes or longer till irritation subsides. Do not remove contact lenses if worn. Get immediate medical attention.

**Skin exposure:** Immediately wash with plenty of soap and water. Get medical attention.

**Inhalation:** Remove to fresh air. If breathing is difficult, administer oxygen. If symptoms persist, call a physician.

**Ingestion:** DO NOT INDUCE VOMITING. Rinse mouth with copious amounts of water or milk, first. Irrigate the esophagus and dilute stomach contents by slowly giving one (1) to two (2) glasses of water or milk. Avoid giving alcohol or alcohol related products. In cases where the individual is semi-comatose, comatose or convulsing, DO NOT GIVE FLUIDS BY MOUTH. In all cases, seek IMMEDIATE medical assistance or contact the Poison Control Centre.

**TOXICOLOGICAL INFORMATION:** Note to physician: Probable mucosal damage following ingestion may contraindicate gastric lavage.

### **DISPOSAL**

Do not reuse this container for any purpose. This is a recyclable container, and is to be disposed of at a container collection site. Contact your local distributor/dealer or municipality for the location of the nearest collection site. Before taking the container to the collection site:

1. Triple- or pressure-rinse the empty container. Add the rinsings to the treatment site.
2. Make the empty, rinsed container unsuitable for further use.

If there is no container collection site in your area, dispose of the container in accordance with provincial requirements.

For information on disposal of unused, unwanted product, contact the manufacturer or the Provincial Regulatory Agency. Contact the manufacturer and the Provincial Regulatory Agency in case of a spill, and for clean-up of spills.
