THE TANGLEFOOT COMPANY
314 STRAIGHT AVENUE
GRAND RAPIDS, MI
49504 U.S.A.

TREE TANGLEFOOT SPRAY is a non-drying sticky compound that forms a barrier against climbing insects. Effective against:

- Spring and Fall Cankerworms (adults)
- Gypsy and Tussock Caterpillars
- Climbing Cutworms
- Ants (Control of ants effectively reduces damage by certain Aphids
- Mealy Bugs and some Scale insects).

USE DIRECTIONS: Fasten a 10 cm wide band of waterproof paper or similar wrapping material around trunk of tree or vine. Make certain that all crevices beneath the band are blocked. Shake well before using. Hold can 10 cm from surface in upright position. Using a continuous spray apply an 8 cm wide by 3 mm thick band of Tree Tanglefoot Spray over wrapping material. Use mineral spirits or other cleaning solvents to remove Tree Tanglefoot Spray from hands, tools or clothing.

PRECAUTIONS: Store and use at room temperature. Exposure to temperatures above 50 deg C. may cause bursting. Do not puncture

or incinerate container. Securely wrap empty container and used bands and place in trash.

Place bands at a sufficient height to prevent accidental contact from children.
