USE DIRECTION

FOR CLEANING: Lightly soiled areas, surface to be cleaned should be mopped or brushed with a solution containing 8 mL or Lemon-Aid per litre of water. Rinse cleaned area with fresh water. Heavily soiled areas - mop or brush soiled surface with a

solution containing 20 mL of Lemon-Aid per litre of water. Rinse cleaned surface with fresh water.

GENERAL PURPOSE DISINFECTION: To disinfect walls, floors and other hard surfaces in schools, restaurants, rest rooms and other public areas mop or brush surfaces to be treated with a solution containing 8 mL of Lemon-Aid per litre of water. Surfaces that are heavily soiled should be cleaned with 16 mL of Lemon-Aid per litre of water and then disinfected. Those surfaces which may later come in contact with food must be rinsed with clear water of drinking quality. To kill pathogenic fungi in locker rooms, shower stalls, walkways around pools and other areas, mop area with a solution containing 5 mL per litre of water. This solution will destroy *Trichophyton interdigitale*, a causative agent of athlete's foot.

HOSPITAL DISINFECTION: To disinfect walls, floors, furniture and other hard surfaces in hospitals and nursing homes, mop or brush surface to be treated with solution containing 16 mL of Lemon-Aid per litre of water. Those surfaces that are heavily soiled with blood, fecal material or exudate should be thoroughly scrubbed with a solution containing 16 mL per litre of water and then rinsed with a fresh solution containing 16 mL per litre of water before disinfection.

SANITIZATION: To sanitize walls, floors and equipment in food processing plants, first clean thoroughly with a solution containing 8 mL per litre of water. If surface is heavily soiled, use Lemon-Aid at a rate of 20 mL per litre to insure thorough cleaning. Sanitize cleaned surface with a rinse solution containing 4 mL per litre of water. Food contact surfaces must be rinsed with potable water before reuse.

DEODORIZATION: To deodorize surface during cleaning, mop or brush surfaces with a solution containing 8 mL of Lemon-Aid per litre of water, an effective antibacterial cleaner designed for use in industrial and institutional cleaning. It may be relied upon to deodorize bathroom areas, garbage pails, and other areas where obnoxious odours may develop.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Corrosive. Causes eye damage and skin irritation. Protect eyes and skin when handling. Harmful if swallowed. Avoid contamination of food.

FIRST AID: In case of contact immediately flush eyes or skin with plenty of water for at least 15 minutes and call a physician. Remove and wash contaminated clothing before reuse. If swallowed drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. NEVER give anything by mouth to an unconscious person.

Call a physician or poison control centre immediately.

TOXICOLOGICAL INFORMATION:

Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsions may be needed.

NOTICE TO USER:

This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.
