KILLS AND REPELS INSECTS  
KILLS ON CONTACT UP TO 6 METRES AWAY  
AN OUTDOOR PRODUCT THAT SPRAYS OUT BEYOND ORDINARY INSECT  
SPRAYS AND KILLS FLIES, MOSQUITOES, ANTS,  
FLYING MOTHS, WASPS AND HORNETS.

CHILD GUARD CAP: First push down and remove plastic tab under spray nozzle. TO UNLOCK CAP: Rotate cap until white dot appears through the hole in the SPRAY BUTTON located on the top of the cap. Spray as directed. TO RELOCK AFTER USE: Rotate cap until white dot disappears.

DIRECTIONS  
SHAKE BEFORE USING

Point valve opening away from face. Hold can on slight downward angle. For best results spray when air is calm.

FOR FLYING INSECTS: Allow fog to drift over area. Direct spray toward bushes or grass from at least 1.5 to 2 metres away. Because insects may move in from other areas, treat an area larger than you plan to use. Repeat if necessary.

FOR CRAWLING INSECTS: Ants, crickets, centipedes: Spray infested surface of patio or picnic area, hitting as many insects as possible. Also spray legs of tables and chairs to repel crawling insects. Spray ant hills for best control.

SPRAY FROM CENTRE OF AREA WHEN NOT BREEZY. SPRAY WITH WIND IF BREEZE IS BLOWING.

PRECAUTION: Avoid inhaling spray. Avoid contact with skin, eyes and clothing. Avoid contamination of feed and food. Do not contaminate mangers, drinking troughs or utensils. Wash after handling or using. Avoid contamination of ponds, lakes, streams, and other bodies of water which contain fish life or which may be used for irrigation or domestic purposes. Care should be taken in disposing of empty containers. Keep out of reach of children.

DO NOT SMOKE WHILE SPRAYING

CONTENTS UNDER PRESSURE. Do not place in hot water or near radiators, stoves or other sources of heat. Do not puncture or incinerate container or store at temperatures over 50 deg C.

FIRST AID INSTRUCTIONS: For external contact, wash with soap and water. If in eyes, flush with plenty of water. If swallowed, cause vomiting by giving 15 mL of salt in a glass of warm water. Repeat until vomit fluid is clear. Obtain medical attention.

GUARANTEE:

Technical d-trans Allethrin	0.20%
Technical Piperonyl Butoxide	1.00%
Technical Methoxychlor	1.00%
2- hydroxy ethyl n-octyl sulfide	0.95%
