Mississauga, Ont.  
L5N 1W1

GENERAL INFORMATION: Kills adult cat fleas, dog fleas, American

dog and American brown ticks. Effectively breaks the flea life cycle and prevents the growth of the pre-adult stages of the flea. One treatment keeps flea eggs from hatching for 30 days. Aids in control of flea bite dermatitis by killing fleas.

#### DIRECTIONS FOR USE

##### SHAKE WELL BEFORE USING

FOR CATS: Cover cat's eyes with hand and with a firm, fast stroke, spray head, ears and chest until damp. With fingertips, rub into face around mouth, nose and eyes. Then spray the neck, middle and hind quarters, finishing with legs last. For best penetration, spray against natural lay of the hair. On a heavily coated cat, ruffle the coat and spray against the lay of the hair. Make sure spray thoroughly wets ticks. Repeat as necessary. Consult Veterinarian before using on pregnant cats.

Do not treat kittens less than 12 weeks old, or nursing females. Do not use on sick cats. Do not use on cats under drug or Pesticide treatment.

STORAGE AND DISPOSAL: Do not store near heat or open flame. Store away from children. Do not reuse empty container. Wrap and put in trash.

PRECAUTIONARY STATEMENTS: Harmful if swallowed. Avoid contact with eyes. After using, wash hands with soap and water.

Sensitive cats may exhibit temporary and nonharmful salivation when exposed to pyrethrin containing products. In these cases, the use of the lower treatment rates indicated is recommended. If condition persists, consult your veterinarian.

PHYSICAL HAZARDS: Flammable. Keep away from heat and open flame.

FIRST AID: If SWALLOWED, call physician or Poison Control Centre. Drink 1 or 2 glasses of water and induce vomiting by touching the back of throat with finger. Do not induce vomiting or give anything by mouth to a unconscious person. IF IN EYES, flush with plenty of water. Get medical attention if irritation persists. IF ON SKIN, wash affected area with soap and water.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offense

under the Pest Control Products Act to use a control product under unsafe conditions.

NOTICE TO BUYER: Seller's guarantee shall be limited to the terms set out on the label and, subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.
