FLEA AND TICK SPRAY FOR
CATS AND DOGS

KILLS FLEAS, LICE, TICKS, FLIES AND GNATS
ON DOGS AND CATS

DIRECTIONS: Shake well before using. Hold container in upright position 25-30 cm from pet and spray entire body beginning at the tail and working towards the head. Do not spray face, eyes or scrotum. While spraying, fluff the hair so that spray will penetrate to the skin, but spray only until hair is damp - not wet. Spray ticks directly.

Do not treat more often than once per week. Also spray bed and living quarters if needed. Repeat weekly as necessary. Do not use on nursing females or on puppies or kittens under eight weeks of age. Do not use on sick animals. Do not use on animals under drug or pesticide treatment. For use pregnant animals consult a veterinarian.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Discontinue use if dermal or nasal irritation develops. Do not use near fish, food or foodstuffs. Avoid inhalation of spray. Wash hands after use.

FIRST AID: If sprayed in eyes, flush with clean water. If irritation persists, obtain medical attention. If accidentally swallowed, obtain medical attention at once.

DISPOSAL: Discard empty container with household garbage. Do not reuse.

Made in Canada

04007
