AGRO-SQUAD 2-1

DISINFECTANT - CLEANER - SANITIZER - FUNGICIDE

MILDEWSTAT - VIRUCIDE - DEODORIZER

For Institutional and Industrial Use.

Effective in hard water up to 400 ppm hardness
in the presence of 5% serum contamination.

COMMERCIAL USED

GUARANTEE:

Octyl decyl dimethyl ammonium chloride	3.255%
Dioctyl dimethyl ammonium chloride	1.302%
Didecyl dimethyl ammonium chloride	1.953%
Alkyl (C12 40%, C14 50%, C16 10%) dimethyl benzyl ammonium chloride	4.340%

AGRO-SQUAD 2-1

Cross-contamination is of major housekeeping concern in schools, institutions and industry. Agro-Squad 2-1 has been formulated to aid in the reduction of cross-contamination in these areas.

Agro-Squad 2-1 is a one-step disinfectant-cleaner that is effective against a broad spectrum of bacteria, is virucidal, fungicidal and will prevent the growth of mold and mildew and their odors when used as directed.

Agro-Squad 2-1 is an effective one-step sanitizer-cleaner for use on non-food contact surfaces. When used as directed, Agro-Squad 2-1 will deodorize surfaces in toilet areas, behind and under sinks and counters, garbage cans and garbage storage areas and other places where bacterial growth can cause malodors.

PRECAUTIONARY STATEMENTS

KEEP OUT OF REACH OF CHILDREN. DANGER CORROSIVE TO EYES. DO NOT GET IN EYES, ON SKIN OR ON CLOTHING. HARMFUL IF SWALLOWED AVOID CONTAMINATION OF FOOD.

FIRST AID: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

TOXICOLOGICAL INFORMATION: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

DISPOSAL:

1. Rinse the emptied container thoroughly and add the rinsings to treatment site.
2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal or reconditioning.
3. Dispose of the container in accordance with provincial requirements.
4. For information on the disposal of unused, unwanted product and the cleanup of spills, contact the regional office of Conservation and Protection, Environment Canada.
5. For small spills. Recover free liquid. Soak up residue with solids absorbent. DO NOT FLUSH INTO SURFACE STREAMS, INFORM ENVIRONMENT CANADA AS IN NO. 4.

NOTICE TO USER

This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest

Control Products Act to use a control product under unsafe conditions.

DIRECTIONS FOR USE

Agro-Squad 2-1 is a proven "one-step" disinfectant-cleaner-sanitizer-fungicide-mildewstat-virucide which is effective in water up to 400 ppm hardness in the presence of 5% serum contamination. Apply Agro-Squad 2-1 to walls, floors, and other hard (inanimate) non-porous surfaces such as tables, chairs, countertops, sinks, tile, porcelain, and bedframes with a cloth, mop or mechanical spray device so as to thoroughly wet surfaces. For heavily soiled areas, a preliminary cleaning is required. Prepare a fresh solution daily or when use solution becomes visibly dirty.

Disinfectant: To disinfect hard, non-porous surfaces, add 8 mL/L of water. Treated surfaces must remain wet for 10 minutes. At this use level, Agro-Squad 2-1 is also virucidal, fungicidal, and fungistatic.

Sanitizing: To sanitize porous and non-porous, non-food contact surfaces, add 1.5 mL/L of water. Treated surfaces must remain wet for 60 seconds.

8 mL/L Use-Level: The broad spectrum activity of Agro-Squad 2-1 has been evaluated and found to be effective against the following organisms by the AOAC Use-Dilution test.

Pseudomonas aeruginosa	Staphylococcus aureus
Salmonella choleraesuis	Escherichia coli
Streptococcus pyogenes	Klebsiella pneumoniae
Enterobacter aerogenes	Salmonella shottmuelleri
Streptococcus faecalis	Shigella dysenteriae
Brevibacterium ammoniagenes	Salmonella typhi

AOAC Fungicidal Test: Agro-Squad 2-1 is an effective fungicide against Trichophyton mentagrophytes (the athlete's foot fungus) when used on surfaces in areas such as locker rooms, dressing rooms, shower and bath areas, exercise facilities, etc.

Mold and Mildew Control: At 8 mL/L Agro-Squad 2-1 will effectively inhibit the growth of mold and mildew and the odors caused by them when applied to hard, non-porous surfaces (as indicated in general cleaning instructions above). Allow to dry on surface and repeat when mildew growth returns.

Virucidal Performance: At 8 mL/L use-level, Agro-Squad 2-1 was evaluated and found to be effective against the A/Brazil Virus on inanimate environmental surfaces.

Sanitizing: Non-Food Contact Surfaces (such as floors, walls, tables, etc.) at 1.5 mL/L use-level. Agro-Squad 2-1 is an effective sanitizer against Staphylococcus aureus and Klebsiella

pneumoniae on hard porous and non-porous environmental surfaces.
