NOTICE TO USER: This product is to be used only in accordance with the directions on this label. It is an offense under the Pest Control Products Act to use product under unsafe conditions.

NATURE OF RESTRICTION: For use by authorized customers where the vendor maintains a record of sales, including the name and address of the purchaser, amount purchased together with a signed Notice to Purchaser. Bearier Bear Repellent is designed to be used in

wilderness applications to help defend individuals needing assistance when confronted by bears. This product is for spraying the eyes of aggressive bears only and is not to be used against domestic animals or human beings, or to repel from treated objects/areas.

DIRECTIONS: When threatened by a bear, place forefinger through hole in handle. Place thumb in front of orange safety clip and remove it by lifting up and back. Point nozzle directly toward bear's face. Depress actuator tab for a burst of spray to a maximum range of four meters. Spray is most effective at short range. Avoid discharging upwind. Move away to avoid exposure to spray. Replace orange safety clip after use.

NOTICE TO BUYER: Seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. **WARNING:** Bears can be attracted to objects or areas treated with this product. Do not treat tents, clothing or other objects with this product. Capsaicin sprays have been proven effective in repelling bears only when sprayed directly in the eyes or on the nose. *Canisters should not be test fired in areas inhabited by bears. If canister has been test fired, all residues of product should be washed from the canister, nozzle and cap with soap and water before being transported to areas inhabited by bears. This product should be used only as a last resort.* There is no guaranteed method of responding to a bear encounter, each encounter is unique. Strict attention to the advise of wildlife professionals on safety is advised. Severe irritation to eyes, nose, respiratory and skin areas can occur. Use only in outdoor areas. Persons with respiratory problems or wearing contact lenses should not use this product. Avoid contact to skin and eyes and avoid inhalation of spray. **WHEN TRAVELING DO NOT STORE IN PASSENGER COMPARTMENT.** Contact air carriers for regulations concerning air transport. Contents under pressure. Container may explode if heated. Do not place in hot water or near radiators, stoves or other sources of heat. Do not leave in hot vehicle. For safety and performance, do not store above 50 C OR BELOW 0 C. Be careful not to puncture container. **DO NOT INCINERATE THE CONTAINER.** Use of this product for any purpose other than self defense against wild animal attacks may be a criminal offense.

FIRST AID: In case of external contact, **REMAIN CALM**, flush thoroughly with water. **DO NOT RUB.** If contact occurs with eyes, remove contact lenses and flush eyes with cool water. If inhaled, move to fresh air. Symptoms usually disappear within one hour. If symptoms persist, obtain medical attention or call a Poison Control Center immediately.

DISPOSAL: When the container is empty, press valve to release all pressure. Dispose of empty container in accordance with Provincial requirements. For information on the disposal of unused , unwanted products, contact your Provincial Regulatory Agency or the Manufacturer.

NOTICE TO PURCHASER

IMPORTANT: Bear repellent products should not be sold to individuals under the age of 18, or to individuals who are not willing to complete this form. Bear repellent products are registered under the Pest Control Products Act; it is illegal to use a pest control product without following label directions.

Please complete the following information in order to comply with the Pest Control Act of Canada, administered by the Pest Management Regulatory Agency of Health Canada.

WARNING :

Capsaicin sprays have proven effective in repelling aggressive bears only when sprayed directly in the eyes and nose, and should be used only as a last resort.

Capsaicin sprays will not repel bears from treated objects or areas, and may result in increased investigation of sites by bears. Canisters should not be test fired in areas inhabited by bears. If a canister has been test fired, all residues of product should be washed from the canister nozzle and cap with soap and water before being transported to areas inhabited by bears.

This product is sold without warranty expressed or implied. No warranty or representation is made as to the ability of this product to protect the user from injury or death. The user assumes all risk when confronted by a bear. Remember, there is no guaranteed method of responding to a bear attack; each encounter is unique.
