DIRECTIONS FOR USE: Use Indoors Only

Flying Insects: Flies, Mosquitoes, Small Flying Moths, Wasps, Gnats-Calculate cubic meters of space to be treated. Close all doors and windows. Spray in a sweeping motion to all parts of the room. Apply for 2-3 seconds per 30 m³ of space. Sweep up and destroy fallen insects. Repeat as necessary.

Crawling Insects: Cockroaches, Ants, Spiders, Silverfish - Calculate square meters of floor area to be treated. Open all cabinets, storage areas, closets. Spray directly on insects or in cracks and crevices where insects hide.

FOR COCKROACHES: For best results, spray directly on cockroaches and thoroughly spray all parts of the room suspected of harboring these pests. Special attention should be paid to cracks, hidden surfaces, under sinks, behind stoves and refrigerators, food storage areas and wherever these pests are suspected of hiding. Also, spray around door and windowframes. Repeat as necessary.

FOR SPIDERS AND SILVERFISH: For control of these insects, frequent and repeated spraying of baseboards, windows, doorframes, bookcases and storage areas should be made. For adequate control, spray directly on insects.

FOR CRICKETS: Spray thoroughly and frequently behind stoves, refrigerators, under cabinets, in food storage areas and especially in closets, basements and other damp areas. For best results, spray directly on insects.

FOR ANTS: Spray ant trails, nests and points of entry. For initial clean-up, apply for 10-15 seconds per 9.5 m² of floor area. Then periodically spray as a space aerosol 3-5 seconds per 3.5 m³ of space.

DISPOSAL: When container is empty, press valve to release all remaining pressure. Dispose of empty container in accordance with provincial requirements. For information on the disposal of unused, unwanted product and the cleanup of spills, contact the regional office to Conservation and Protection, Environment Canada.

STORAGE: Keep product in cool and dry place, away from open flames and heat sources.

PRECAUTIONS: Do not use in presence of open flame or spark.

Contents under pressure. Container may explode if heated. Do not expose to temperature above 50°C. Do not puncture or incinerate.

Harmful if swallowed. Avoid breathing of vapor. Avoid contact with skin and eyes. In case of contact, immediately flush eyes with plenty of water. Wash skin with warm water and soap. Get medical attention if irritation persists. Do not contaminate food or foodstuffs. Do not remain in treated areas. Vacate premises for at least 15 minutes after spraying. Ventilate the area after treatment is completed and before re-entering. Remove pets and birds. Cover fish aquariums before spraying.

Food should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before use. When using the product in these areas, apply when the facility is not in operation.

Do not spray on plastic, painted or varnished surfaces or directly into electronic equipment such as radios, TVs, computers, etc.

KEEP OUT OF REACH OF CHILDREN

FIRST AID INSTRUCTIONS: In case of contact with eyes or skin, flush with water. If irritation persists, seek medical attention. CONTAINS PETROLEUM DISTILLATES. If accidentally swallowed, do not induce vomiting and seek medical attention at once.

NOTICE TO USER: This Control Product is to be used only in accordance with the directions on the label. It is an offense under the Pest Control Products Act to use a control product under unsafe conditions.
