DIRECTIONS FOR USE: To be used only in the manufacture of insecticides which are registered under the Pest Control Products Act. This product is designed for use at the rate of 4.00% (wt.) with approved solvents, hydrocarbon propellents and deionized water to produce a pressurized insecticide spray.

KEEP OUT OF REACH OF UNAUTHORIZED PERSONNEL

PRECAUTIONS: Harmful if swallowed, inhaled or absorbed through skin. Causes eye irritation. Avoid contact with skin and eyes. Avoid contact with clothing. Wash thoroughly after handling. Avoid breathing vapors. Avoid contamination of food and feedstuffs.

This product is toxic to fish and other aquatic animals. Do not contaminate water by cleaning of equipment or disposal of wastes.

FIRST AID: If swallowed do not induce vomiting because of aspiration hazard. In case of contact with skin or eyes, immediately flush with plenty of water. Get medical attention or contact a Poison Control Centre if irritation persists. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically

DECONTAMINATION & DISPOSAL: Canadian formulators using this product should dispose of unwanted active ingredient and containers in accordance with municipal or provincial regulations. For additional details and cleanup of spills, contact the provincial regulatory agency or the manufacturer.

STORAGE: Keep in original container during storage. Store product in cool, dry, well ventilated place away from seed, fertilizer, or other pesticides. Keep away from fire or open flame, or other source of heat.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.
