## **STICKY INSECT BARRIER FOR FRUIT TREES, SHADE TREES, VINES**

**TREE TANGLEFOOT PASTE** is a non-drying, sticky compound that forms a barrier against climbing insects. Effective against: Springs and Fall Cankerworms (adults), Gypsy and Tussock Caterpillars, Climbing Cutworms, Ants (Control of ant effectively reduces damage by certain Aphids, Mealy Bugs, and some Scale insects).

**DIRECTIONS FOR USE:** Fasten a 10 cm wide band of waterproof paper or similar wrapping material around trunk of tree. Make certain that all crevices beneath the band are blocked.

Apply Tree Tanglefoot Paste with a putty knife or disposable paddle 1 cm wide by 2 to 3 mm thick over the wrapping material. Use mineral spirits or cleaning solvents to remove Tree Tanglefoot Paste from hands, tools or clothing.

**PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN.** Place sticky bands at a sufficient height to prevent accidental contact from children.

**FIRST AID:** If on skin, wash thoroughly with waterless cleaner or baby oil, then apply soap and water.

**DISPOSAL:** Do not reuse empty container. Securely wrap and place empty container and used bands in garbage.

**The Tanglefoot Company**  
314 Straight Avenue, Grand Rapids, MI 49504 U.S.A.
