STARBAR and QWIK-KILL are Registered Trademarks of Sandoz Ltd.

GENERAL INFORMATION: This product may be used in farm buildings and on livestock. Kills on contact; flies, mosquitoes, gnats, wasps, hornets, spiders, ants, crickets, face flies, stable flies, horn flies.

DIRECTIONS FOR USE: For maximum effectiveness, a combination of surface spot treatment and fogging is recommended.

SPACE SPRAY: Farm Buildings - (dairy barns, milk rooms, beef barns, horse stables, swine housings). For rapid control of flies, gnats, mosquitoes, spiders, ants, cockroaches: apply using a good space sprayer (fogger) adjusted to deliver a fine mist. All animals must be removed from barn/building before

fogging. Close windows, doors and shut off ventilating systems and sources of ignition. Direct spray upward to fill the room with a fine mist. Use a rate of 200-300 mL per 100 cubic metres. Leave the room closed for 10 minutes before ventilating.

Livestock: Spray on Beef, Dairy Cattle and Swine: For horse flies, horn flies, mosquitoes and stable flies; apply up to 30 mL per animal using a sprayer which produces a fine mist. Cover the entire animal without making the hair wet. Do not spray in eyes. Repeat daily or as necessary. Treat dairy cattle before milking, but do not spray directly on udder. Wash udder before milking.

On Horses: For horn flies, house flies, horse flies, mosquitoes and stable flies; apply 15 mL per animal using a sprayer which produces a fine mist. Cover the entire animal without making the hair wet.

To Control Blood Sucking Lice on Cattle: Apply to the infested areas of the animal, using a stiff brush to get the spray to the base of the hair. Repeat as necessary.

PRECAUTIONS: Keep out of reach of children; Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with skin, eyes, and clothing. Wash thoroughly with soap and water after handling and before eating or smoking. Do not breathe spray mist.

Wash contaminated clothing before reuse. Do not contaminate feed, food or water. Contents toxic to fish and birds. Store in original container away from feed and food. Use only when milk room is NOT in operation. Cover or remove all milk and milking implements before spraying. After spraying, wash all surfaces that may contact milk and rinse thoroughly with potable water before resuming operations.

DISPOSAL: Rinse the emptied container thoroughly and add the rinsings to the spray mixture in the tank. Follow provincial instructions for any required additional cleaning of the container prior to its disposal. Make the empty container unsuitable for further use. Dispose of the container in accordance with provincial requirements. For information on the disposal of unused, unwanted product and the clean up of spills, contact the Provincial Regulatory Agency or the Manufacturer.

FIRST AID: If on skin, wash thoroughly with soap and water. If in eyes, flush with clear water for 15 minutes; get medical attention.

Product Contains Petroleum Distillate: If swallowed, do not induce vomiting. Call physician immediately.

NOTICE TO BUYER: Seller's guarantee shall be limited to the terms set out on the label and subject thereto the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.
