For use as spot or crack and crevice treatment to control insects
listed on front panel.

INDOOR USE: Thoroughly treat cracks, crevices, baseboards, underneath furniture and equipment, around garbage containers and other places where insects habituate.

OUTDOOR USE: Spray outside surfaces of screens, doors, window frames, foundations, patios, light fixtures and other places where insects may alight or congregate and enter.

DIRECTIONS: Hold container approximately 30 cm from surface being sprayed and spray until wet. Thorough applications produce a coating which will vaporize into cracks and crevices for insect control. If reinfestation occurs, repeat application. Provide adequate ventilation for indoor use. KEEP PETS AND CHILDREN AWAY FROM SURFACES UNTIL DRY.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN: Contents under pressures. Do not place in hot water or near radiators, stove, or other sources of heat, or store at temperatures over 50 °C. Do not spray near open flame or spark. Do not puncture or incinerate. Harmful if swallowed, inhaled, or absorbed through skin or clothing. Avoid contact with eyes, skin, or clothing. DO NOT USE ON HUMANS, PLANTS, ANIMALS, FOOD STUFF, FOOD UTENSILS, FISHBOWLS OR ANIMAL FEED AREAS. DO NOT USE AS SPACE SPRAY. DO NOT CONTAMINATE FOODSTUFFS. Do not use in any area where food might be exposed. Do not use in bulk food storage areas. Do not use in cupboards where food or cooking utensils are stored.

In homes or dwellings, remove or cover all exposed food and cooking utensils before spraying. Thoroughly wash all surfaces that might contact food before re-use.

In meat and food processing plants and food service establishments, treat only when plant is NOT in operation. Remove or cover all food packaging materials or utensils and cover all food processing surfaces before spraying. After treatment wash all surfaces that might contact food and rinse thoroughly with potable water before resuming operations. Do not use in rooms where milk is processed handled or stored.

FIRST AID TREATMENT: Contains volatile petroleum distillate. If swallowed, do not induce vomiting. Call physician immediately. Chlorpyrifos is a cholinesterase inhibitor. Atropine is antidotal. In case of contact with skin, wash with soap and water. If in eyes, flush with water for 15 minutes. Get medical attention.

DISPOSAL: When container is empty, press valve to release all remaining pressure. Dispose of empty container in accordance with Provincial requirements. For information on the disposal of unused, unwanted produce and the cleanup of spills contact the

regional of Conservation and Protection, Environment Canada.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

LIMITATION OF WARRANTY: Seller's guarantee shall be limited to the terms set out on the label and subject thereto. The buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.

This label transcript service is offered by the Pest Management Regulatory Agency to provide efficient searching for label information.
