READ ENTIRE LABEL BEFORE EACH USE. USE ONLY ON DOGS OR CATS.

An insecticidal shampoo rich in coconut conditioners that aid in building body, luster and groomability to the coat of your pet. The insecticidal ingredients are highly and rapidly effective against fleas and ticks when used as directed.

DIRECTIONS FRO USE: Do NOT administer by mouth. Do NOT get in pets's eyes or mouth. CAUTION. Consult a veterinarian before using on sick, aged, pregnant or nursing animals or animals receiving drug or other pesticide treatment. Do NOT use on animals under 12 weeks. It is a violation of the Pest Control Product Act to use this product in a manner inconsistent with this label. Mix 1 part shampoo with 3 parts water. Wet the dog of cat and apply a generous amount of shampoo working it well into the coat. For best results, the dog or cat should be left in a lathered state for 4 or 5 minutes before rinsing with warm water. Do not treat eyes, face or genitalia. Do not reapply product for 2 weeks. Treatment must only be repeated if pest problem reoccurs. Do NOT use solely as a shampoo when there is no pest problem. For effective flea and tick control, treatment of the pet should be combined with sanitation of any area used by the pet. Vacuum floors, carpets and furniture (discard vacuum bag after use) and wash the pet's bedding, living quarters and surrounding areas. If pest problems persist, an insecticidal premise treatment may be required. A veterinarian should be consulted when pest infestation continues to be a problem on the pet.

PRECAUTIONS:

HUMANS: KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed. Do not inhale. Keep out of eyes and avoid contact with mucous membranes. In case this product should get in the eyes, flush immediately with water. Avoid contamination of feed or foodstuffs. Wash hands (or any other skin that came into contact with the product) with soap and water. Avoid contact with pets until dry.

PETS: Harmful if swallowed. Do NOT administer by mouth. Do NOT get in pet's eyes or mouth. Do not treat eyes, face, or genitalia. In case of infection or skin irritation, discontinue use and consult a veterinarian.

FIRST AID:

PETS: Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur, bathe the pet in mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

HUMANS: If in eyes or on skin, flush with clean water. If irritation persists, obtain medical attention. If accidentally swallowed call a Poison Control Centre or obtain medical attention at once.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

DISPOSAL: Do not reuse empty container. Wrap container in several layers of newspaper and discard with household garbage.

TOXICOLOGICAL INFORMATION:

Treat symptomatically.
