POAST(R) is a registered trademark of BASF AG, BASF Canada Inc.  
is the registered user.

RUSTLER(R) is a registered trademark of Monsanto Company of  
U.S.A.

Monsanto Canada Inc. is the registered user.

**DIRECTIONS FOR USE:**

BASF Liquid Ammonium Sulphate is a premium grade product  
registered as a spray adjuvant recommended for use with Poast  
herbicide for, the control of volunteer cereals and quackgrass in  
certain crops and with Ruslter for control of wild oats in summer  
fallow. Refer to the respective labels for specific details.

**RATES:**

**Poast:** Add BASF Liquid Ammonium Sulphate to spray applications  
of Poast according to the following application rate table:

**Required water volume  
per hectare**

100 - 200 litres

**Required amount of  
BASF Liquid Ammonium Sulphate**

4 litres

**Rustler:** For spray applications using RUSTLER add 6 Litres of BASF Liquid Ammonium Sulphate to 94 Litres of water. Follow all Rustler label directions.

**MIXING OF BASF LIQUID AMMONIUM SULPHATE:**

1. Fill spray tank about half full with water.
2. Add the correct amount of BASF Liquid Ammonium Sulphate to the spray tank under agitation.
3. Add the appropriate amount of either Poast herbicide or Rustler herbicide.
4. Complete the filling of the tank with water.

**Notes:** When using POAST Herbicide, continue filling spray tank and add Assist oil concentrate last. In both cases, continue agitation.

**CAUTION:**

Liquid Ammonium Sulphate is extremely corrosive to metals, therefore, all metal sprayer parts coming in contact with the spray solution should be checked regularly. All metal spray nozzle tips will also be subject to corrosion. As a result the sprayer should be calibrated regularly during the season and nozzle tips should be replaced when necessary.

**PRECAUTIONS:**

1. Keep out of reach of children.
2. Do not take internally.
3. Avoid inhalation of vapour, dust, or spray mist and contact with eyes, skin or clothing.
4. Wash thoroughly after handling and before eating, drinking or smoking.
5. Wear protective equipment and clothing, including goggles or face shield, approved respirator, gloves (rubber, PVC, neoprene or nitrile), hat long-sleeved shirt, trousers and rubber boots.
6. If clothing becomes contaminated, remove and wash separate from household laundry before reuse.
7. Clean spray equipment thoroughly after use.
8. Do not contaminate domestic or irrigation water, lakes, streams or ponds by the cleaning of equipment or the disposal of wastes.

**FIRST AID INSTRUCTIONS:**

**In case of eye contact:** Flush immediately with flowing water for at least 15 minutes and consult a physician if irritation develops.

**In case of skin contact:** Wash with soap and water. Remove contaminated clothing and launder before reuse. Consult a physician if irritation develops.

**If swallowed:** Give two (2) glasses of water, INDUCE VOMITING and consult a physician immediately.

**If inhaled:** Remove person to fresh air. Assist breathing if necessary. Consult a physician immediately.

**STORAGE:**

1. Store in original, tightly-closed container.
2. Do not ship or store near food, feed, seed, fertilizers or pesticides.
3. Store in cool, dry, locked, well-ventilated area without floor drain.
4. Herbicides should be shipped or stored separate from other pesticides to avoid cross-contamination.
5. Product must be stored at temperatures greater than -5'C.

**DISPOSAL:**

1. Triple-rinse the emptied container thoroughly and add the rinsings to the spray mixture in the tank.
2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal.
3. Make the empty container unsuitable for further use.
4. Dispose of the container in accordance with provincial requirements.
5. For information on the disposal of unused, unwanted product and the cleanup of spills, contact the regional office of Conservation and Protection, Environment Canada.

**NOTICE TO USER:**

This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

**NOTICE TO BUYER:**

Sellers guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons

or property arising from the use or handling of this product, and accepts the product on that condition.
