DIRECTIONS FOR USE:

To be used only in the manufacture of a product which is registered under the Pest Control Products Act. Read technical bulletin for formulation details.

CAUTIONS:

Harmful if inhaled. Chronic toxicity is confined to persons suffering from Wilson's Disease.

PRECAUTIONS:

Avoid dust cloud formation. Keep away from ignition sources and

acids. Avoid breathing dust. Use in well ventilated areas. Wear protective equipment to protect eyes and exposed skin during handling. Avoid prolonged and repeated skin contact. Wash hands thoroughly after use.

FIRST AID:

If inhaled, remove from exposure immediately and allow to rest. For skin or eye contact, wash thoroughly with water. If ingested, do not induce vomiting. Call physician immediately.

TOXICOLOGICAL INFORMATION:

This product is not considered a carcinogen.

TARGET ORGANS: Respiratory system, nasal septum, skin, eyes, gastrointestinal, kidneys, liver, cardiovascular system.

PRIMARY ENTRY ROUTE(S): Inhalation, ingestion, skin or eye contact.

ACUTE EFFECTS: Copper dusts and mists are eye and mucous membrane irritants and skin sensitizers. Acute exposure may cause metallic taste and nasal ulceration and perforation. Prolonged skin contact produces sensitization dermatitis. Exposure results in irritation and metal-fume fever, metallic taste, and discoloration of the skin and hair. Ingestion of copper compounds causes vomiting and collapse. Acute poisoning is characterized by hemolysis, jaundice, anuria, hypotension and convulsions.

DISPOSAL:

1. Rinse the emptied container thoroughly and add the rinsings to treatment site.
2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal or reconditioning.
3. Dispose of the container in accordance with provincial requirements.
4. For information on the disposal of unused, unwanted product and the cleanup of spills, contact the regional office of Environment Canada.
5. For small spills. Recover free liquid. Soak up residue with solids absorbent. DO NOT FLUSH INTO SURFACE STREAMS. INFORM ENVIRONMENT CANADA AS IN #4.

STORAGE:           Store at room temperature in dry areas.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

ATTENTION:        THIS CONTAINER IS HAZARDOUS WHEN EMPTIED. ALL LABELLED HAZARD PRECAUTIONS MUST BE OBSERVED.
