MADE IN CANADA  
A-1

Vegetable Insect Killer is a ready-to-use insecticide that may be used outdoors or in greenhouses throughout the growing season right up to the day of harvest.

The active ingredients consist of pyrethrins and a synergist.

DIRECTIONS FOR USE

SHAKE WELL BEFORE USING. Use only in upright position. Sprayer is tamper-resistant for the safety of the user. Depress button on nozzle and rotate nozzle counter clockwise until desired spray pattern is achieved. To control insects named, apply this spray to provide thorough coverage of upper and lower leaf surfaces. Spray only when air is still and temperature is under 32°C. Do not spray in direct sunlight - early morning or evening preferred.

Insects must be contacted directly to be killed.
