Starbar, Golden Malrin and Muscamone are Registered trademark of Sandoz Ltd.

DIRECTIONS FOR USE: Premium Golden Malrin Fly Bait is an improved fly bait formula containing Muscamone (R) fly attractant which encourages both male and female flies to remain in the treated area, thus feeding on the bait. Bait should be scattered over specified fly feeding surfaces daily or as needed to provide initial knockdown and reduction to fly populations. Distribute bait from container or other device to avoid handling bait. Wear gloves when applying. Wash hands after handling and before

eating, drinking or smoking.

STABLES: Scatter bait at the rate of 250g per 100 sq.m. to window sills and other areas where flies congregate. Apply only to areas out of reach of animals.

CAUTIONS: Hazardous to Humans and Domestic Animals: Harmful if swallowed inhaled or absorbed through the skin. Avoid breathing dust. Avoid contact with skin, eyes or clothing. Do not contaminate feed, water, food or litter. Do not apply where poultry or animals can pick it up or lick the product. Do not use in homes or where food is processed or stored. Do not feed treated garbage to livestock. Use only in areas inaccessible to food producing animals.

TOXICOLOGICAL INFORMATION: This product contains methomyl, a carbamate insecticide. Poisoning produces effects associated with anticholinesterase activity which may include weakness, blurred vision, headache, nausea, abdominal cramps, discomfort in the chest, constriction of pupils, sweating, slow pulse, muscle tremors. Atropine is antidotal.

FIRST AID: In case of contact, immediately flush eyes or skin with plenty of water. Get medical attention if irritation persists. If swallowed, induce vomiting with several glasses of warm water and by sticking finger in throat. Seek medical attention immediately.

STORAGE AND DISPOSAL: Keep bait in original container, tightly closed and stored in a cool place. Do not contaminate water, food or feed by storage or disposal. Do not use empty container. Follow provincial instructions for any required additional cleaning prior to its disposal. Make the empty container unsuitable for further use. Dispose of the container in accordance with provincial requirements. For information on the disposal of unused, unwanted product and the cleanup of spills, contact the regional office of Conservation and Protection, Environment Canada.

ENVIRONMENTAL CARDS: This pesticide is toxic to bees, wildlife and fish. Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offense under the Pest Control Products Act to use a control product under unsafe conditions.
