

DIRECTIONS: For the control of wasps, bees, hornets and yellow jackets, remove protective cap and point nozzle in direction of the wasp nest or at the insect. Press the nozzle and completely saturate the nest from a distance of 2 to 2.5 metres. Allow sufficient time for insects to die. Application to wasp nests should be made in late evening or early morning when insects are at rest.

LIMITATIONS: Do not use inside homes, on humans or animals. Do not use as a space spray.

PRECAUTIONS: May be harmful if swallowed, inhaled or absorbed through skin. Provide adequate ventilation of area being treated. Avoid contact with skin, eyes and clothing. Avoid breathing spray mist. Wash thoroughly with soap and warm water after using. Do not allow children or pets to contact treated areas until surfaces are thoroughly dry. Do not contaminate food, utensils, food preparation, handling or storage areas. Toxic to bees, fish and wildlife. Do not contaminate any body of water. Do not contaminate animal feeding area. Contents under pressure. Do not place in hot water or near radiators, stoves or other sources of heat, or store or use above 50°C as container may burst. Do not puncture or incinerate container or spray near open flame or spark, or while smoking. Do not spray asphalt shingles, as this product may stain them.

FIRST AID INSTRUCTIONS: Contains Petroleum Distillate. If on skin, wash immediately with soap and warm water. If in eyes, flush for 15 minutes with water. If irritation develops, consult physician. If accidentally swallowed do not induce vomiting. If inhaled, remove to fresh air. Call a physician or poison control centre at once.

DISPOSAL: When container is empty, press button to release all pressure, then dispose in household garbage. Do not puncture or incinerate container.
