DIRECTIONS:

Shake well before using. Close doors and windows and other openings and remove all animals from buildings before application. Apply with a mist fogger (non-thermal) or manual pump at a rate of 200 mL per 100 cubic metres. Apply to cracks, crevices and wall surfaces. Direct spray upwards, towards ceilings and walls or straight on insects. Keep area closed for

10-20 minutes after fogging. Ventilate thoroughly before re-entering treated areas. Repeat as necessary. Do not use in rooms where milk is processed, handled or stored. When using a mist fogger, the equipment must be maintained and operated in accordance with the manufacturer's instruction manual.

NOTE:

Treatment should be made only before or after milking.

CAUTIONS:

Apply only when the dairy is not in operation. Do not use directly on food or milk. Cover all food processing surfaces, milk utensils, and dairy equipment. Avoid contamination of feed and water troughs. KEEP OUT OF REACH OF CHILDREN. Wash all food processing equipment with potable water before using. Avoid contact with skin. Do not inhale spray mist. Wash after using. Do not store near food water or litter. Keep in original container during storage. Store in a cool, well ventilated place. Do not use in areas where beekeeping equipment or supplies are being stored.

DISPOSAL:

1. Rinse the emptied container thoroughly and add the rinsings to the spray mixture in the tank.
2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal.
3. Make the empty container unsuitable for further use.
4. Dispose of the container in accordance with provincial requirements.
5. For information on the disposal of unused, unwanted product and the cleanup of spills, contact the regional office of Environmental Protection, Environment Canada.

NOTICE TO USER:

This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

FIRST AID:

In case of contact with eyes or skin, flush with water. If irritation persists, seek medical attention. If accidentally swallowed, seek medical attention at once.
