DIRECTIONS FOR USE

To be used only in the manufacture of insecticides which are registered under the Pest Control Products Act. Read the technical bulletin or product information for formulation

details. This product is to be used with appropriate solvents and or carriers, and in the case of pressurized products, propellents, to produce an insecticide product.

Mix well in drum before sampling and each use.

PRECAUTIONS: Keep out of reach of unauthorized personnel. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. This product is toxic to fish, birds and wildlife. Do not discharge effluent containing this active ingredient into any body of water. Do not discharge effluent containing this product into sewer systems without previously notifying the sewage treatment plant authority. Flammable. Keep away from heat or open flame. Mix well in drum before sampling and before each use. This product is toxic to fish. Do not apply directly to any body of water by cleaning of equipment or disposal of wastes.

FIRST AID: In case of contact, immediately flush skin or eyes with plenty of water. If irritation develops or persists, seek medical attention. Wash contaminated clothing with warm water and soap before reuse. If ingested drink one or two glasses of water and induce vomiting and call a physician or poison control centre. NOTE TO PHYSICIAN: This product contains cholinesterase inhibitor. Atropine, by injection, is antidotal and should be administered only if signs of cholinesterase inhibitor have appeared. 2-PAM is also antidotal and may be used in conjunction with atropine.

DISPOSAL & DECONTAMINATION: Rinse the empty container thoroughly and add the rinsings to the formulation tank. Follow provincial instructions for any required additional cleaning of the container prior to reuse or disposal. If required, make the container unsuitable for further use and dispose of in accordance with provincial requirements. For information on the disposal of unused, unwanted product and the clean up of spills, contact the Provincial Regulatory Agency or the Manufacturer.

STORAGE: Keep container closed. Mix well in drum before sampling and each use. Store in a cool place. Do not store, pour or spill near heat or open flame.

NOTICE TO USER: This Control Product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.
