

Evaluation Report for Category B, Subcategory 2.1 Application

Application Number: 2014-4356
Application: New EP Product Chemistry - Guarantee
Product: Krystal Clear Saltwater System Model ECO 8110
Registration Number: 32056
Active ingredients (a.i.): Device (ZZZ)
PMRA Document Number : 2534324

Purpose of Application

The purpose of this submission is to register Krystal Clear Saltwater System Model ECO 8110, a salt water chlorine generator to be used with portable above ground swimming pools (USC 29).

Chemistry Assessment

A chemistry assessment was not required for this application.

Health Assessments

Health assessments were not required for this application.

Environmental Assessment

An environmental assessment was not required for this application.

Value Assessment

Value information was submitted to confirm the daily free available chlorine (FAC) output of Krystal Clear Saltwater System Model ECO 8110. The device can generate a maximum of 0.305 kg of FAC per day which is sufficient to generate 1-3 ppm of FAC in the maximum pool volume which can be treated with one device (55 000 L). Therefore, the use of Krystal Clear Saltwater System Model ECO 8110 for use in portable above ground swimming pools is acceptable.

Conclusion

The Pest Management Regulatory Agency has completed an assessment of the information provided in support of the product, Krystal Clear Saltwater System Model ECO 8110, and has found the information sufficient to register the salt water chlorine generator to be used with portable above ground swimming pools.
