

Evaluation Report for Category B, Subcategory 2.1 Application

Application Number: 2017-2104
Application: New EP Product Chemistry-Guarantee
Product: E35 Salt Chlorine Generator
Registration Number:
Active ingredients (a.i.): Device
PMRA Document Number : 2783068

Purpose of Application

The purpose of this application was to register a pool device, E35 Salt Chlorine Generator, a salt water chlorine generator to be used with swimming pools and spas.

Chemistry Health Environmental Assessment

Chemistry, health, and environmental assessments were not required for this application.

Value Assessment

Value information was submitted to confirm the daily free available chlorine (FAC) output of E35 Salt Chlorine Generator. The device can generate a maximum of 0.20 kg of FAC per day which is sufficient to generate 1-3 ppm of FAC in the maximum pool volume which can be treated with one device (160,000 L). Therefore, the use of E35 Salt Chlorine Generator in swimming pools and spas is acceptable.

Conclusion

The PMRA has reviewed the information provided in support of this application and has determined that registration of E35 Salt Chlorine Generator can be supported.
