

Evaluation Report for Category B, Subcategory 4.6 Application

Application Number: 2011-1490
Application: To fulfill conditions of registration on a product with full registration
Product: Enstar EW
Registration Number: 29661
Active ingredients (a.i.): (s)-kinoprene (KPR)
PMRA Document Number English PDF: 2089865

Purpose of Application

The purpose of this application was to fulfill the conditions of registration – submission of storage stability and corrosion studies – on a product with full registration.

Chemistry Assessment

The storage stability and corrosion study that was provided was determined to be acceptable. The chemistry requirements have been fulfilled.

Health, Environmental and Value Assessment

Health, environmental and value assessments were not required for this application.

Conclusion

The PMRA has completed an assessment of the available information for Enstar EW, and has found the information sufficient to address the remaining conditions of registration.
