

Evaluation Report for Category B.4.6 Application

Application Number: 2011-0329
Application: Fulfill conditions of full registration
Product: Extra Strength Avadex BW Herbicide
Registration Number: 16759
Active ingredients (a.i.): Triallate
PMRA Document Number: 2187153

Purpose of Application

The purpose of this application was to fulfill the conditions of full registration of Extra Strength Avadex BW Herbicide (PCP# 16759) for the use on yellow mustard, brown mustard and oriental mustard (condiment and oilseed types). The condition was the submission of freezer storage stability data for wheat and sunflower commodities.

Chemistry Assessment

No chemistry assessment was required for this application.

Health Assessments

Submitted freezer storage stability data for wheat and sunflower commodities adequately addressed the conditions of full registration for Extra Strength Avadex BW Herbicide. This will not have any impact on the level of triallate residues. Therefore, the dietary exposure is not expected to increase and will not pose an unacceptable risk to any segment of the population, including infants, children, adults and seniors.

Environmental Assessment

No environmental assessment was required for this application.

Value Assessment

No value assessment was required for this application.

Conclusion

The Pest Management Regulatory Agency has completed an assessment of information provided in support of Extra Strength Avadex Bw Herbicide and has found the information sufficient to fulfill the conditions of full registration of Extra Strength Avadex BW Herbicide.
