

Evaluation Report for Category B, Subcategory B.2.4 Application

Application Number: 2012-4115
Application: Changes to product chemistry; specifications
Product: Kontos Insecticide
Registration Number: 29567
Active ingredients (a.i.): Spirotetramat (SPA)
PMRA Document Number: 2284965

Purpose of Application

Kontos Insecticide is registered to control aphids on greenhouse lettuce.

The purpose of this application was to change the chemical specifications of Kontos Insecticide, which were altered to maintain the active ingredient guarantee following changes to the chemical specifications of the technical, Spirotetramat Technical Insecticide (registration number 28952).

The end-use product and the technical were amended concurrently.

Chemistry Assessment

Kontos Insecticide is formulated as a suspension containing spirotetramat at a nominal concentration of 240 g/L. This end-use product has a specific gravity of 1.075 and pH of 4.6.

The chemistry requirements for Kontos Insecticide are complete.

Health Assessments

The proposed changes to the chemical specifications of Kontos Insecticide are not expected to impact the toxicological profile of this product.

Environmental and Value Assessments

Environmental and value assessments were not required for this application.

Conclusion

The changes to the chemical specification of Kontos Insecticide were found to be acceptable for continued registration
