

Evaluation Report for Category B, Subcategory 3.14 Application

Application Number: 2015-7025
Application: Changes to Product Labels - Classifications
Product: Tomcat Mouse Killer Bait Station
Registration Number: 31464
Active ingredient (a.i.): Bromethalin
PMRA Document Number: 2716440

Purpose of Application

The purpose of this application was to amend the Tomcat Mouse Killer Bait Station registration to add a bait station made from an alternate material. This is a disposable product for use indoors and outdoors to control house mice.

Health Assessments

The disposable Tomcat Mouse Killer Bait Station constructed with the alternate material to control mice indoors and outdoors, provides the same level of child and pet tamper-resistance as the registered model of the same bait station. Risks are not of concern when homeowners follow label precautions and instructions, and label statements caution not to allow children or pets to handle the bait station.

Toxicological and dietary exposure assessments were not required for this application.

Value Assessment

The addition of a bait station made of the alternate material is not expected to impact the value of Tomcat Mouse Killer Bait Station.

Chemistry and Environmental Assessments

Chemistry and environmental assessments were not required for this application.

Conclusion

The Pest Management Regulatory Agency has completed an assessment of the information provided, and has found the information sufficient to amend the product registration for Tomcat Mouse Killer Bait Station to add a bait station made from an alternate material.
