

## Evaluation Report for Category B, Subcategory 1.3 Application

**Application Number:** 2018-1876  
**Application:** Changes to TGAI Product Chemistry - Specifications  
**Product:** *Pasteuria nishizawae* Technical  
**Registration Number:** 31680  
**Active ingredient (a.i.):** *Pasteuria nishizawae* PN1  
**PMRA Document Number :** 2931535

### Purpose of Application

The purpose of this application was to amend the characterization data by replacing the analytical method used to determine biological activity of *Pasteuria nishizawae* Technical.

### Chemistry Assessment

Sufficient data, including results of batch analysis data, were submitted to support the change to the analytical method used to determine biological activity of *Pasteuria nishizawae* Technical.

### Health, Environmental and Value Assessments

Health, environmental and value assessments were not required for this application.

### Conclusion

The Pest Management Regulatory Agency has completed an assessment of the information provided and has found it sufficient to support the change to the analytical method used to determine biological activity of *Pasteuria nishizawae* Technical.
