

Evaluation Report for Category B, Subcategory 3.10 Application

Application Number: 2023-6128
Application: New or Changes to Product Labels – Tank Mixes
Applicant: Bayer CropScience Inc.
Product: Acceleron D-342 Fungicide Seed Treatment
Registration Number: 32462
Active ingredient (a.i.): Prothioconazole
PMRA Document Number: 3555145

Background

Acceleron D-342 Fungicide Seed Treatment (Reg. No. 32462; registered by Bayer CropScience Inc.) is a suspension fungicide containing the active ingredient prothioconazole (480 g/L).

Purpose of Application

The purpose of this application is to add the general tank mix statement to the product label, Acceleron D-342 Fungicide Seed Treatment, in accordance with the latest PMRA guidance on tank mix labelling.

Chemistry, Health and Environmental Assessment

A chemistry assessment was not required since there was no change to product chemistry. Health and environment assessments were not required since the use pattern remained unchanged.

Value Assessment

A thorough review of the label determined that the addition of the general tank mixing statement is acceptable as it is consistent with the requirements in the PMRA Guidance Document – Tank Mix Labelling (March 16, 2023). The value of the label amendments was determined to be acceptable. The inclusion of the general tank mixing statement on the label allows growers greater flexibility to select tank mixtures to control pests in labelled crops.

Conclusion

The Pest Management Regulatory Agency has completed an assessment of the subject application and has found the requested label amendments to be acceptable.
