

Evaluation Report for Category B, Subcategory 1.1 Application

Application Number: 2021-0052
Application: Changes to Product Chemistry – new Source (Site)
Product: Bio-Ceres G WP
Registration Number: 31231
Active ingredient (a.i.): *Beauveria bassiana* strain ANT 03
PMRA Document Number : 3253697

Purpose of Application

The purpose of this application was to add a new formulating site to the registration of Bio-Ceres G WP.

Product Characterization

Information was submitted on the manufacturing methods and potency estimation analysis for the new formulating site of Bio-Ceres G WP. No further data are required to support the registration of the new formulating site.

Health, Environmental and Value Assessments

Health, environmental and value assessments were not required for this application.

Conclusion

The Pest Management Regulatory Agency has completed an assessment of the information provided, and has found the information sufficient to amend the formulation site for Bio-Ceres G WP.
