

Evaluation Report for Category B, Subcategory 3.10 Application

Application Number: 2023-6142
Application: New or Changes to the Product Label – Tank Mixes
Applicant: Farmer’s Business Network Canada Inc.
Product: FBN MCPA Ester 600 EC
Registration Number: 34857
Active ingredient (a.i.): 600 g/L MCPA (present as 2-ethylhexyl ester)
PMRA Document Number: 3542147

Purpose of Application

The purpose of the subject application is to include the general tank mixing statement as per the published PMRA Guidance Document – Tank Mix Labelling on the FBN MCPA Ester 600 EC product label.

Chemistry, Health and Environmental Assessment

Chemistry, health, and environmental assessments were not required as there was no change to product chemistry, product formulation, or use pattern.

Value Assessment

A thorough review of the label determined that the addition of the general tank mixing statement is acceptable as it is consistent with the requirements in the PMRA Guidance Document – Tank Mix Labelling (March 16, 2023).

The inclusion of the general tank mixing statement on the label allows growers greater flexibility to select tank mixtures to control pests in labelled crops. Flexibility in the selection of tank mix partners may contribute to resistance management practices, integrated pest management programs or the control of a broader range of pests, with associated cost- and time-savings by the user.

Conclusion

The Pest Management Regulatory Agency has completed an assessment of the subject application and has found the required amendments to the FBN MCPA Ester 600 EC label are acceptable.
