

DACO 0.1.6023—Label Use Deletion; Submission 2010-1052, Troysan 1050

The use “coatings used on hard and food contact surfaces” is being voluntarily deleted from the proposed label as part of this registration submission. The following text has been removed from the previously submitted proposed label:

*(including coatings used on hard and food contact surfaces. Food contact surfaces include food preparation counters, kitchen cabinet coatings, appliance coatings, kitchen furniture (table) coatings, serving platters/utensil coatings, food and produce conveyor belt coatings, food packaging coatings, fruit and vegetable crate coatings, floors in food-preparation areas, flooring materials or floor coatings, coatings for exterior tables and recreational furniture coatings such as picnic tables, and deck coatings)*
