

Evaluation Report for Category B, Subcategory 1.3 Application

Application Number: 2011-2104
Application: New/Changes TGAI Prod Chemistry-Specifications
Product: Bioban CA 96 Antimicrobial
Registration Number: 11834
Active ingredients (a.i.): 1-(3-chloroallyl)-3,5,7-triaza-1-azoniaadamantane chloride (cis isomer) [CTA]
PMRA Document Number: 2175548

Purpose of Application

The purpose of this application was to update the product specification form to accurately reflect the composition of this technical product, Bioban CA 96 Antimicrobial.

Chemistry Assessment

No new chemistry data were submitted as the purpose of the application was to update the product specification form. This does not impact the chemistry profile of the product.

Health Assessments

The update does not impact the toxicological profile of the product. As such, a health assessment was not required.

Environmental and Value Assessment

Environmental and value assessments were not required for this application.

Conclusion

The PMRA has conducted a review of the submitted information to update the product specification form for Bioban CA 96 Antimicrobial and can accept the requested changes.
