

## Evaluation Report for Category B, Subcategory 4.6 Application

**Application Number:** 2011-3204  
**Application:** B.4.6 - Conversion Submission to fulfill conditions of registration on a product with full registration  
**Product:** IPCO Ag-Surf II  
**Registration Number:** 30071  
**Active ingredients (a.i.):** alcohols, C9-11, ethoxylated  
**PMRA Document Number :** 2175948

### Background

IPCO Ag-Surf II has been registered for use as an adjuvant in Canada since 2011. The outstanding condition of full registration included the requirement to submit storage stability data.

### Purpose of Application

The purpose of this application was to satisfy the condition of registration outlined in submission 2009-4632.

### Chemistry Assessment

IPCO Ag-Surf II is a liquid containing the adjuvant ingredient alcohol ethoxylate at a nominal concentration of 92%. This product has a density of 0.967 kg/L and pH of 6.7 for a 1 % solution in water. The chemistry requirements for IPCO Ag-Surf II have been completed.

### Health, Environmental and Value Assessments

No health, environmental or value assessments were required for this application.

### Conclusion

The Pest Management Regulatory Agency has completed an assessment of the information provided in support of the product, IPCO Ag-Surf II, and has found the information sufficient to satisfy the condition of full registration. The data package for IPCO Ag-Surf II is complete and no further data are required.
