Evaluation Report for Category B, Subcategory 3.8 Application

Application Number: 2014-0298
Application: New or Changes to Product Labels-Re-Entry Interval
Product: DISARM 480 SC FUNGICIDE
Registration Number: 30811
Active ingredients (a.i.): Fluoxastrobin
PMRA Document Number : 2408794

Purpose of Application

The purpose of this application was to amend the label of Disarm 480SC Fungicide to adjust the re-entry interval (REI) for the use on Turf.

Chemistry, Environmental and Value Assessments

Chemistry, environmental and value assessments were not required for this application.

Health Assessments

The change of the restricted entry interval (REI) statement for the turf use from 12 hours to "until residues are dry" on the Disarm 480 SC Fungicide label can be supported from an occupational exposure perspective. No risks of concern are expected when workers follow the label directions and wear the personal protective equipment identified on the label.

Conclusion

The Pest Management Regulatory Agency has completed an assessment of the information provided in support of the product, Disarm 480SC Fungicide, with Fluoxastrobin, and has found the information sufficient to change the restricted entry interval (REI) statement for the turf use of the product label from 12 hours to "until residues are dry".
