

Evaluation Report for Category B, Subcategory 4.6 Application

Application Number: 2014-1459
Application: Conversion to Ltd. or Term-Submission to fulfill conditions of registration on a product with full registration
Product: Safer's Slug & Snail Bait II
Registration Number: 28774
Active ingredients (a.i.): Ferric Sodium Ethylenediaminetetraacetic acid
PMRA Document Number : 2521034

Purpose of Application

The purpose of this application was to provide a one-year storage stability and corrosion characteristics study to fulfill the condition of full registration.

Chemistry Assessment

Safer's Slug & Snail Bait II is formulated as pellets containing ferric sodium ethylenediaminetetraacetic acid (EDTA) at 6.0%. This end-use product has a density of 0.76 g/cm³ and a pH of 6.63. The chemistry requirements for this product have been fulfilled.

Health, Environmental and Value Assessments

Health, environmental and value assessments were not required for this application.

Conclusion

The Pest Management Regulatory Agency has completed an assessment of the information provided, and has found the information sufficient to fulfill the condition of full registration of the end-use product Safer's Slug & Snail Bait II.
