## Registration decision statement<sup>1</sup> for fenpropathrin

Health Canada's Pest Management Regulatory Agency (PMRA), under the authority of the *Pest Control Products Act*, is granting registration for the sale and use of Fenpropathrin Technical and Danitol Insecticide, containing the technical grade active ingredient fenpropathrin, to control several insect pests in various fruit and vegetable crops.

This decision is consistent with the Proposed Registration Decision PRD2020-05, *Fenpropathrin and Danitol Insecticide*, which contains a detailed evaluation of the information submitted in support of this registration. The evaluation found that, under the approved conditions of use, the health and environmental risks and the value of the pest control products are acceptable. Health Canada received no comments on PRD2020-05.

### Other information

The relevant test data on which the decision is based (as referenced in PRD2020-05) are available for public inspection, upon application, in the PMRA's Reading Room (located in Ottawa). For more information, please contact the PMRA's Pest Management Information Service by phone (1-800-267-6315) or by e-mail ([hc.pmra.info-arla.sc@canada.ca](mailto:hc.pmra.info-arla.sc@canada.ca)).

Any person may file a notice of objection<sup>2</sup> regarding this registration decision within 60 days from the date of publication of this Registration Decision. For more information regarding the basis for objecting (which must be based on scientific grounds), please refer to the Pesticides section of [Canada.ca](http://Canada.ca) (Request a Reconsideration of Decision) or contact the PMRA's Pest Management Information Service.
