

Section 12 Notice Additional Information Required to Fulfill the Terms and Conditions for Conditional Registration

Product Name: Echo 720 Agricultural Fungicide

Registration Number: 29355

Application Number: 2006-6468

PMRA # : 1779460

During the conditional registration period which has been granted to **December 31, 2010**, the following information is to be generated and must be provided to the Pest Management Regulatory Agency by **September 1, 2010** and should indicate the DACO numbers specified. A partial response to the outlined Terms and Conditions will not be accepted.

PART 3 CHEMISTRY REQUIREMENTS FOR THE REGISTRATION OF MANUFACTURING CONCENTRATES AND END-USE PRODUCTS FORMULATED FROM REGISTERED TECHNICAL GRADE OF ACTIVE INGREDIENTS OR INTEGRATED SYSTEM PRODUCTS

DACO: 3.2.2
Title: Description of the Formulation Process

Details: The provided formulation process does not provide a product that matches the one on the specification form. The amounts of Pluronic P-140 and water are significantly different in the process provided from those on the specification form. An updated formulation process that matches the specifications provided for the product is required.

DACO: 3.4.1
Title: Enforcement Analytical Method

Details: The accuracy and precision of the method provided have not been determined for samples of formulated materials. Accuracy was not determined, and precision was determined for standard solutions only. The applicant is requested to provide data showing this method is precise and accurate for determining the active material in formulated products. Alternately, a separate fully validated method may be provided. Methods validated to European standards (SANCO 3030) are acceptable.
