

## Evaluation Report for Category B, Subcategory 3.12 Applications

**Application Number:** 2011-2673  
**Application:** B.3.12 – New or Changes to product Labels - New Site or Host  
**Product:** Sencor 480 Flowable Herbicide  
**Registration Number:** 26280  
**Active ingredients:** Metribuzin  
**PMRA Document Number:** 2209949

### Purpose of Application

The purpose of this submission is to amend the label for Sencor 480F Herbicide (Reg. No. 26280) (containing the active ingredient metribuzin) to include a more general disclaimer statement regarding post-emergent treatment to potatoes and that would emphasize the need for a bioassay before use of Sencor 480 F Herbicide on new potato varieties.

### Chemistry, Health and Environmental Assessments

Chemistry, health and environmental assessments were not required for these submissions.

### Value Assessment

The applicant has proposed to include a more general disclaimer statement regarding post-emergent treatment to potatoes and that would emphasize the need for a bioassay before use of Sencor 480 F Herbicide on a new potato variety. The proposed amendment can be supported from a value perspective as it encourages further caution in the use of metribuzin on potatoes in Canada.

### Conclusion

The PMRA has completed an assessment of available information to amend the label for Sencor 480 F Herbicide and has found the information sufficient to support the inclusion of a more general disclaimer statement regarding post-emergent treatment to potatoes and that would emphasize the need for a bioassay before use of Sencor 480 F Herbicide on new potato varieties.
