## Registration decision statement<sup>1</sup> for sheep fat

Health Canada's Pest Management Regulatory Agency (PMRA), under the authority of the [Pest Control Products Act](#), is granting registration for the sale and use of Sheep Fat Technical, Trico and Trico Garden, containing the technical grade active ingredient sheep fat, as a repellent to deer, elk or moose from trees and shrubs in forestry, grapevines, apple trees and outdoor ornamentals.

This decision is consistent with the Proposed Registration Decision [PRD2022-02, Sheep Fat, Trico and Trico Garden](#), which contains a detailed evaluation of the information submitted in support of this registration. The evaluation found that, under the approved conditions of use, the health and environmental risks and the value of the pest control product(s) are acceptable. Health Canada received no comments on PRD2022-02.

### Other information

The relevant test data on which the decision is based (as referenced in PRD2022-02) are available for public inspection, upon application, in the PMRA's Reading Room. For more information, please contact the PMRA's Pest Management Information Service by phone (1-800-267-6315) or by e-mail ([pmra.info-arla@hc-sc.gc.ca](mailto:pmra.info-arla@hc-sc.gc.ca)).

Any person may file a notice of objection<sup>2</sup> regarding this registration decision within 60 days from the date of publication of this Registration Decision. For more information regarding the basis for objecting (which must be based on scientific grounds), please refer to the [Pesticides section](#) of Canada.ca (Request a Reconsideration of Decision) or contact the PMRA's Pest Management Information Service.
